CYCLING FOR CHILDREN 2020: CHANEL COLLEGE, SAMOA Marist Mission Centre Annual Appeal

Our gratitude to the Marist Mission Centre, Australia for accepting to help the education of the children in Samoa through the Cycling for Children appeal 2020. This will go towards the renovation of the 40 year old multipurpose hall at Chanel College, Samoa. This appeal is led by the 79 year old Br Charlie Randal sm of the Australian Province, who, despite his age, is still riding his bike for over 500 km. We thank the seminarians in the International Formation house in Rome for helping out by riding their bikes around the streets of Rome in their free time from studies. Fr Sione H Vave sm, deacons Sam Tukidia sm and Floyd Gatana sm are leading the ride with the energetic support of Cameron Mota sm and the seminarians.

Mr Andrew Biddle, the Business Manager for the Australian Province is seen here, second from the right, with some of the "bikers." Our best wishes for a most successful Cycle for Children 2020 appeal.
