Our Sick for prayer

Br Henry Aragalia sm
Fr Milio Vakasirovoka sm

RIP

Dr Makafalani Tatafu, a former Marist from Tonga and uncle of Fr Aisake Silatolu sm.

COUNCIL OF THE PROVINCE 2019

The Council of the Province 2019 which was held from 02 to 05 July in the Provincial house, Suva, was blessed with the presence of the Vicar General, Fr John Harhager sm, who opened the meeting with a presentation on how the Society, worldwide, is doing now and into the future. He also shared on the importance of creating a safe environment for the protection of children and the vulnerable. He led the closing Eucharist of the meeting. Later, the Delegates

Fr John Harhager sm with the members of COP 19

were greatly encouraged by the visit of the Director of the Marist Mission Centre (MMC), Fr Paul Sullivan sm. So many of the developments in the missions of the Province in the Sectors were, and are made possible, by the work of the MMC. A greater understanding and appreciation of the work of MMC were acquired through Fr Paul's visit. He was able to assess current MMC projects in Fiji and also allowing opportunities for future projects to be identified and discussed.

MARIST ECO-CENTRE, DAWASAMU

Dawasamu, a Marist property in Fiji dedicated for use by the Marist Formation House is undergoing development by the Superior of Formation, Fr Donato Kivi sm, and the scholastics, to become a Marist Eco-Centre. In the words of Fr Donato, "this is an initiative on climate change adaptation, where the aquaculture on land in ponds is an option for the impact of climate on coral reefs that has disturbed marine life." The scholastics take turn during semester breaks to help build two dams for their aquaculture project. They used earth-bag architecture to build the dams and will be used for building houses in the Centre.

"This project will help in food security, improve livelihoods and rural development through the involvement of women and youth groups in aquaculture activities," said Fr Donato.
