PRIORITISATION OF MINISTRIES IN MEXICO

As part of the internal reconfiguration process, the province of Mexico handed over the parish of San Bernardino to the diocese. 27 years ago, the Marists started ministering in this parish, which enabled them to have a basis to establish a campus ministry in the public university of Toluca. In their discernment about the prioritisation of ministries, the province decided recently to continue with the campus ministry, while starting a new ministry among the poor in the parish of *San Pedro Apóstol* in the periphery of Mexico City.
