NOVITIATE ORIENTATION PROGRAM

At the International Novitiate, “Cerdon” in Eden, Davao, Philippines, eight young Marist candidates have arrived at the end of January to start their novitiate orientation program.

They come from Africa, Oceania, New Zealand and South America. The orientation program helps them to adjust to this new stage of formation, to begin to come to know each other and to become familiar with aspects of the Filipino culture while being hosted by committed Marist Families. The group is now staying at the RNDM Sisters' international formation house and will move to Cerdon on March 25 to begin their novitiate.

MIGRANTS HOSTED AT THE GENERAL HOUSE

To respond to the call of the Holy Father, during the past years the General House community has been hosting several migrants. Currently there are two young men residing at the General House. Alaelain comes from Sudan and is studying Law with the purpose of going back to his home country and help his own people. Alan is a refugee from Syria who is now employed in a gelateria (Italian Ice Cream Shop), and is at the General House for two months while establishing his own accommodation. Both arrived in Rome with the program of “humanitarian corridors” of the Community of Sant’Egidio.
